The DEMOCRAT is a Republican newspaper but there are some things that cannot be rammed down a Republican editor's throat.

The Republicans of Cape Girardeau were never in better humor than they are this year to elect their county ticket. If they don't sweep every man on their ticket it will be their own fault.

There is talk of an independent candidate for sheriff in against Judge Riley. This will be a poor show for an independent Democrat and no the publican will run independent of his party.

Hon. Robert H. White was probably he de Bismarck candidate for the legislature. Mr. Whitlaw has represented this county in the legislature several times and he has always given universal satisfaction.

At the proper time the Democrats will take a hand in the campaign of this county. Our guns are loaded with Vesuvius shells and they will be dropped where they will curse the most hell. This is one year that the DEMOCRAT has no string tied to it.

It is cheaper to send the Spanish back to Spain than to feed them in this country, and then Spain to be a better country for the Spaniard to say his prayers in.

Uncle Sam has captured over three thousand square miles of territory, and fifteen thousand Spanish soldiers in Eastern Cuba. This is only a beginning of Uncle Sam's start to civilize the dark spots in the world.

Jodie Flynn don't like the office holders of this county—Republicans nor Democrats. He says they are a corrupt gang or words to that effect. How will John Jenkins, Dick Himes and County Taxaser stand like this?

The express companies are working a "bluff" on their customers. The law requires a one cent stamp on each receipt to the shipper. If the shipper pays the demand of the company it is his own fault. If the shipper refuses to pay the tax the companies will be compelled to do so or be liable to a fine of \$50 or imprisonment. The express companies cannot refuse to carry your goods because they are common carriers. Neither can the telegraph companies refuse to send your telegram, and they are not owing damage suits. Both express and telegraph companies are trying to sweep the public into paying the war tax which the law says they shall pay."

Send your name and address on a postal card to the ST. LOUIS GLOBE-DEMOCRAT, ST. LOUIS, MO., and get seven consecutive issues of that sterling journal, either daily or weekly. FREE OF CHARGE. The GLOBE-DEMOCRAT is universally conceded to be one of the few really GREAT American newspapers. In all the West and Southwest it has no rival worthy of the name. Strictly Republican in politics, it is noted for its fairness to all parties and faction, and, above all, for the strict impartiality and absolute reliability of its news service, which is the best and most complete in the land. Note advertisement in this issue, and in answering the same, do not fail to mention this paper, and state whether you desire to try the daily or the weekly GLOBE-DEMOCRAT.

Ben Goedel will beat John Jenkins for Sheriff by a majority exceeding all the way from one hundred and fifty to three hundred votes. Paste this in your hat and see if it is not about right.

While we are at it the cost would be small, and it would not take up but little more time, to give Germany a huking. Just a little spanking to let the Germans know that we are in the right.

The editor of the Jackson Cash-Book wants the Democrats and the Populists in this county to get together and nominate a merged ticket and Jodie Flynn wants the Democrats and all other mixed breeds to get together and nominate an independent county ticket. Eddie and Franklin are a nice pair of Democratic editors to draw to,

Americans will be surprised to learn that only one newspaper in Venezuela favors the United States as against Spain, and that paper is edited by an Englishman and is for circulation among the English and American residents of that country. The general tenor of the expressions of the Venezuelan press is set forth by a recent remark of the leading Caracas paper that after this war ends "the naval policy of Washington will be felt in its utmost vigor in the whole of Latin America, and especially in those provinces that coast the Caribbean Sea. The Americans are engaged in a war of foreign capidity, and we do not hesitate to declare that all our opinions, resolutions and good wishes are on the side of Spain." Those words show the stupidity and ingratitude of a people for whose defense the United States was on the verge of a war with England two years and a half ago. The Caracas journal which says that "the Monroe doctrine is going to operate against our future" appears to be ignorant or careless of the circumstances that that policy is all which has saved Latin America from enslavement to some foreign power.
